The Tanganyika Junior School

Welcome to The Tanganyika Junior School
We are a small intimate campus where children easily blend in and flourish. The atmosphere and sense of happiness around the school makes it a magical environment to learn and thrive. Learners join the junior school in the Reception class in preparation for Year 1 in the following academic year and are part of the school until the end of Year 7. Our educational philosophy is centered around fostering a growth mindset and enforcing a positive can-do approach where the learners are left with a thirst to take risks and enjoy challenges, equipping them for life in the 21st century.
We ensure that our learners are confident, well-rounded deep thinkers who never stop questioning. We also ensure that our learning experiences have real relevance, purpose and authenticity.
