

The Tanganyika Senior School

The Tanganyika Senior School is an inclusive school which provides high quality education. We seek to develop the best of our students, staff and families within a vibrant community; one which cares and shows mutual respect for all and celebrates the success of each individual as part of the whole.

All members of the School community are encouraged to give their best and to share their talents with, and for, others. Our School emphasizes embracing identity and challenges us to acknowledge our responsibilities and duties to the communities to which we belong; locally, nationally and internationally.
